BUILT TO LAST.

STORAGE BOX

OVERVIEW

The **Maxx Storage Box** for Skid Loaders provides an additional location for users to store any tools, chain, etc.

Design of the storage box is to imitate the weight of what you would be getting from a purchased counterweight (T245787) while providing a compartment for storage.

The shape of the storage box mimics the contours of the counterweight and machine itself to create a streamlined and aesthetically-pleasing look.

A heavy duty adjustable toggle clamp latch holds the lid down securely for no vibration while also providing an opportunity to place a padlock on the box for security.

FEATURES

- For skid steers.
- Full bolt pattern to allow attachment to machine or any number of weights.
- Comes with all hardware for mounting (bolts, washers, nuts, plugs).
- Material: 1/2" steel bottom, 3/8" steel sides, 1/4" steel lid with welded lip.
- Weep hole in bottom of storage box to allow for any draining.

Model No.	Description	Weight (lbs)	Weight (kgs)
MX-ST-17x8x12-LH-SS	Storage Toolbox, LH, 8020D1 - (17.5 x 8 x 12 - 5.5)	86	39
